SUMMARY

Highly motivated aspiring Laravel and Flutter developer seeking a challenging role to leverage strong full-stack web and mobile development skills. Proven experience mentoring high school students and training bootcamp learners in HTML, CSS, JavaScript, and frameworks like Bootstrap, Tailwind, and ReactJS. Eager to apply expertise in Laravel, RESTful APIs, and Filament to contribute effectively to a dynamic team and accelerate personal growth.

EXPERIENCE

Web Development Learning Mentor | SMKN 1 Cibinong

6 Nov 2023 – 12 Nov 2023

- Spearheaded a one-week intensive class for high school students, guiding them through the fundamentals of dynamic web development.
- Engaged hands-on sessions on CSS frameworks like Bootstrap and Tailwind, empowering students to design stunning and responsive user interfaces.

Front-End Bootcamp Trainer | IDN Boarding School

19 Dec 2023 – 23 Dec 2023

- Transformed beginner learners within a 5-day bootcamp, equipping them with core skills in HTML, CSS, JavaScript, and frameworks like ReactJS.
- Fostered a collaborative learning environment: promoting peer-to-peer learning to bridge the gap between theoretical concepts and practical application.

Projects

GreenCycle Web Application | Laravel, React, Inertia

- Developed a comprehensive web application to streamline waste management and promote eco-friendly practices, providing features such as Pick Up, Drop Off, order management, order history, and articles. It has two type of roles (user and admin) and two type of users account (personal and business).
- Utilized Laravel for a secure and scalable backend, React for a dynamic user interface, and Inertia for seamless integration between the two.

Mosque Monitoring Application | Laravel, Filament

- Built a dynamic web application to manage mosque information and prayer times, leveraging Laravel's robust backend capabilities.
- Implemented Filament to create a visually appealing and user-friendly admin interface, streamlining data management for mosque staff.

EDUCATION

Politeknik IDN Bogor   **July 2023 - Present**

Bachelor of Computer Science, expected graduation in 2027

CGPA 3.6 / 4.0
